

Position: Occupational Therapist and Community Builder

We are a growing community of occupational therapists supporting families in the beautiful Okanagan that offers a creative, collaborative and truly strength based approach to family centred occupational therapy

Breaking Trail OT

Breaking Trail OT supports individuals and families to make meaningful changes, overcome obstacles, find success or have more fun in their everyday. At Breaking Trail OT individuals and families create a path, or network of paths, that works uniquely for them to achieve their goals. We use the power of occupations and curated research to reframe current challenges as their next adventure. Every person or family's path is different, so every group or private OT session will look different. If every obstacle was easy to overcome and had a clear path to success Breaking Trail OT wouldn't exist. We are here for when you face obstacles. Obstacles are the complexities and adventures of real life. To navigate these obstacles we create a trail that fits you as you are now and that will lead you where you want to go.

At Breaking Trail OT we serve members not patients or clients because we are building a community of people who are willing to put in the time and effort to create a path that works for them and their family!

The position

We're looking for a dynamic Occupational Therapist who knows how to listen to what families want and be able to collaborate to create a strengths based, evidence backed path to success. Competitive wage with OT positions in the area. We are looking for an experienced OT and/or a new graduate. Please don't hesitate to connect if you are a student and looking to plan for after graduation.

- Build your own schedule based on the season so you can enjoy what the Okanagan has to offer. Swimming, skiing, mountain biking, golfing, fruit picking, hiking, fine and farm fresh dining, snow shoeing you name it there are many ways to enjoy what this area has to offer.
- Opportunities for growth, collaboration and guidance, self-directed learning and leadership roles.

Requirements

- Good standing and active registration with COTBC (or college of your current province)
- Class 5 driver's license and safe maintained vehicle year round
- Comfort with using or willingness to learn to use electronic scheduling and medical records.
- Up to date Standard First Aid Training

Skills:

- Assessment, intervention and maintenance plans for children and individuals ages 0-25 and their families.
- Strong clinical reasoning to use strengths and evidence based interventions to create “just right challenges” for families based on their level of readiness and resources.
- Strengths based attitude and perspective
- Collaborative approach to solving problems
- Organization and systems level thinking to streamline OT delivery and make space for creativity.

Why you should apply:

- You want to create and provide the community with services you’d be proud to offer your family
- You are passionate about providing occupation focused services in the community
- On the job and regular meetings for collaboration , case conference and mentorship. We are building a team that works together to utilize each members strengths and diversity.
- Flexibility and control of your schedule and FT/PT or an FTE in-between to fit your lifestyle. Your time is important you can choose how you want to spend it.
- Flexibility in type of services you provide. Opportunities to provide consults on specific topics, serve in longer term therapeutic relationships, presenting and sharing knowledge, creating and/or providing group based therapy (as health guidelines allow), embracing being a generalist, build a caseload based on specific demographics you have a special interest or experience with.
- Breaking Trail OT fosters a culture of strengths focused reflection, growth and development with our team and our members.

To apply please email your resume to jen@breakingtrailot.ca and in the email include a brief summary on why you are interested in joining the team at Breaking Trail OT (Max 250 words).
